

## **Belize Entry Requirements**

Our team is beyond excited to welcome you back to Turneffe Island Resort, but before you can enjoy our little piece of paradise, there are a few procedures you'll need to follow as outlined by the Belize Authority:

### **Before traveling to Belize:**

- All visitors must download the [Belize Health app](#) on their mobile devices in order to ensure timely communication. Seventy-two (72) hours prior to your arrival date, please register the information required within the app. Once registered, you'll be provided a QR code. You'll need this QR code upon arrival at the airport. **Please note that the QR code is only valid for 72hrs. therefore, please register within this timeframe or your code will expire.**

- You are **highly encouraged** to take a PCR test (not the antibody test) 72 hours before your original travel departure to Belize. A certified negative test will put you on the fast track arrival lane at the airport, and you'll also be able to upload your test results to the app. In addition, please be sure to share your test results to our TIR manager when boarding our boat transfer. Only a PCR test taken within 72hrs. of arrival is considered a valid test. If you do not have your test results when you land in Belize, you will be required to take a test at the airport, which could be a long and lengthy process, causing a delay in the start of your holiday.

### **Arrivals to Belize**

- You will disembark the plane - wearing a face mask - and proceed to health screening and temperature checks. You will be asked to provide your QR code within the health app.

- If you brought along your negative COVID-19 PCR test, proceed to the 'fast track' lane for Immigration & Customs processing. Depending on your health screening, you may be randomly selected for secondary testing.

- If you were unable to bring the results of a PCR test, you must proceed to the testing area where you'll be required to take a COVID test. Testing is at your own expense and costs USD \$50.00.

- Proceed to Immigration and Customs, and then exit the airport via the Safe Corridor using our Gold Standard transportation. You will receive your test results here at our Gold Standard Resort via the Ministry of Health.

- **If you test positive, you will be required to quarantine at your Gold Standard Resort until the Ministry of Health provides clearance (minimum 14 days).**

### **Your time in Belize**

- All visitors will be required to adhere to all health and safety protocols in Belize including social distancing, washing your hands frequently, and wearing masks in public.

- You will be required to check in daily via the Belize Health app.

*To protect your safety, and the safety of our team, we've implemented our own health and safety procedures, which can be found [here](#). You can also stay up to date with all of the official Belize government updates [here](#).*

*If you have any additional questions, please do let us know.*

*We look forward to seeing you soon,  
Turneffe Island Resort Team*
